EPIC SPACESHIP

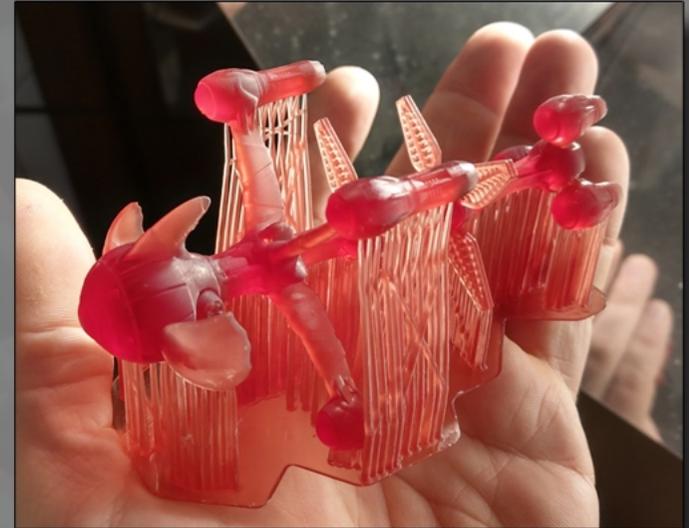

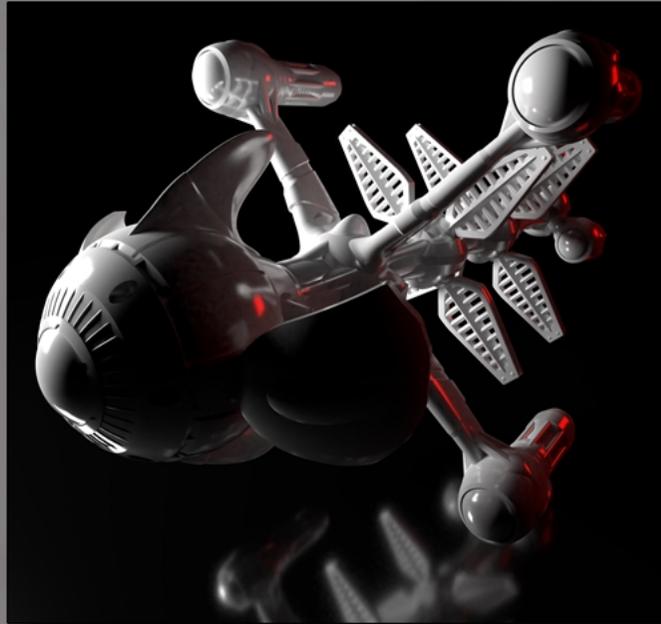

I love old SF movies and series so I designed this Spaceship and print it as big as possible with my resin printers.

You can choose a color: Grey or transparent red.

It comes with support structure as you can see at the right picture which is easy to remove.

You can watch a video how to remove at the Kickstarter Project page.

And you can even paint it if you like.

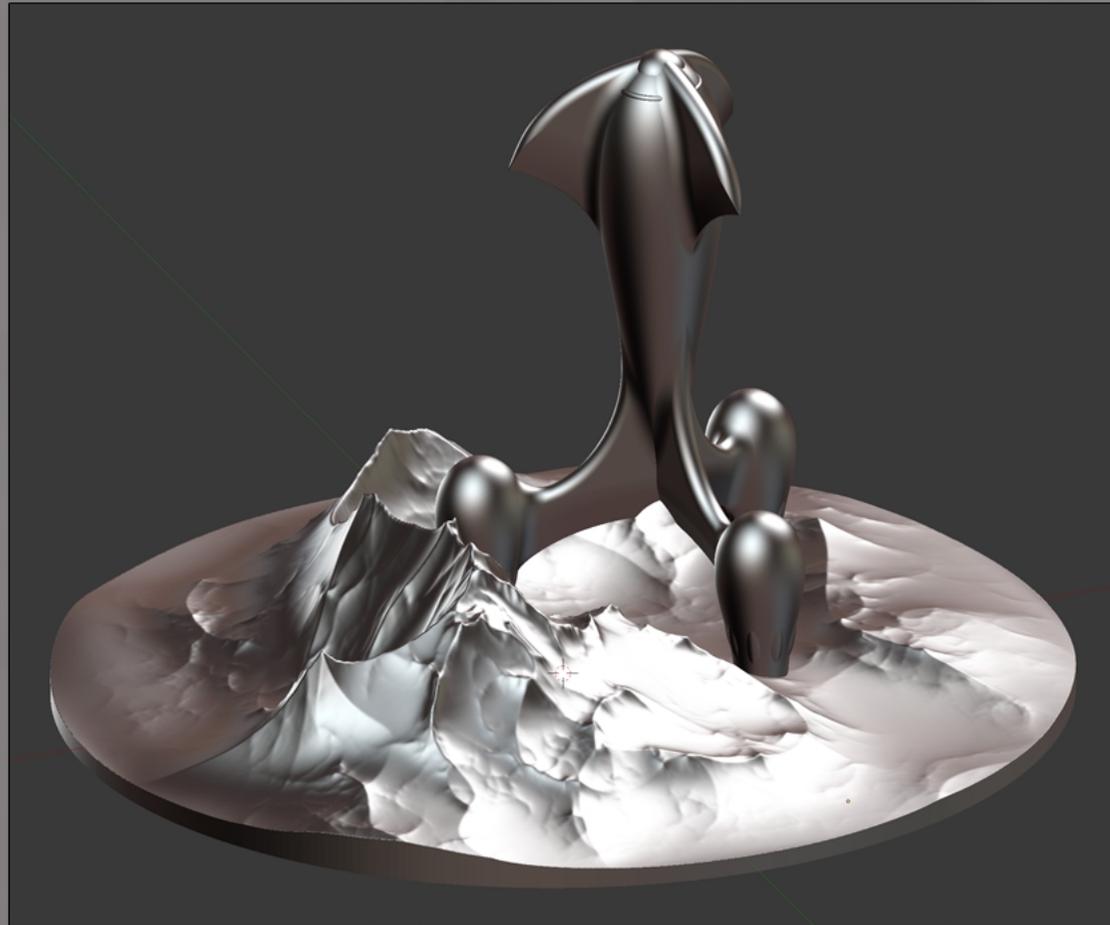

5 TRACK MARKER (ROVERS)

Already included at all Full Sets
