

ASSEMBLE THE DELUXE LEATHER FOLDER (made with 100% recycled leather):

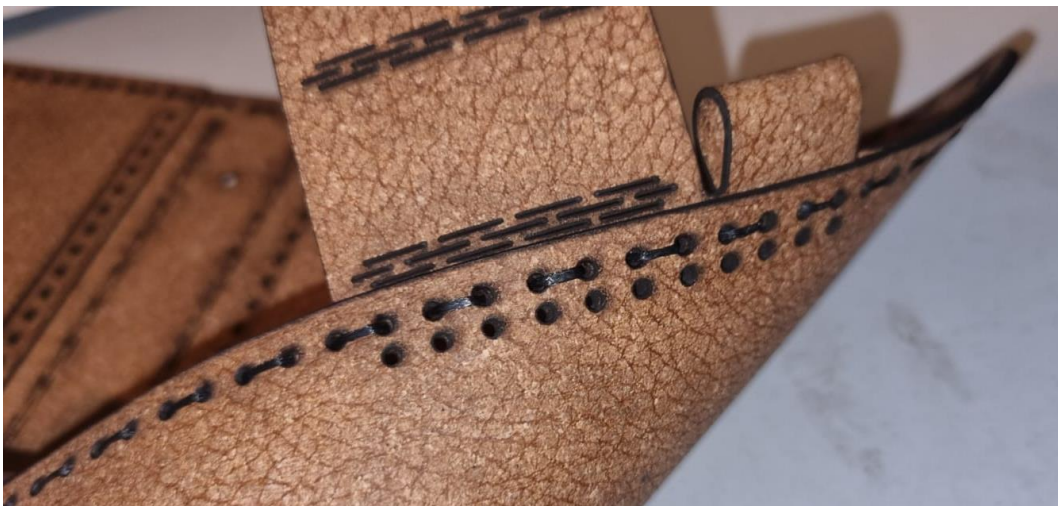

Place the leather parts like shown, and a 190cm long yarn connected to the needle and a pencil like shown:

Then start sewing it as shown starting at the middle bottom of the folder:

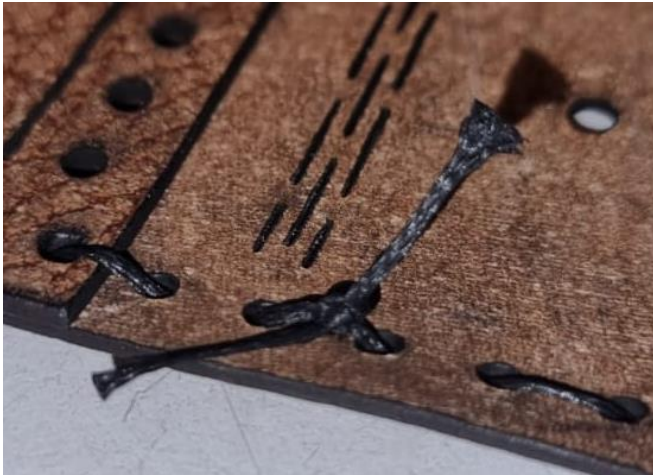

Continue that around the entire folder.

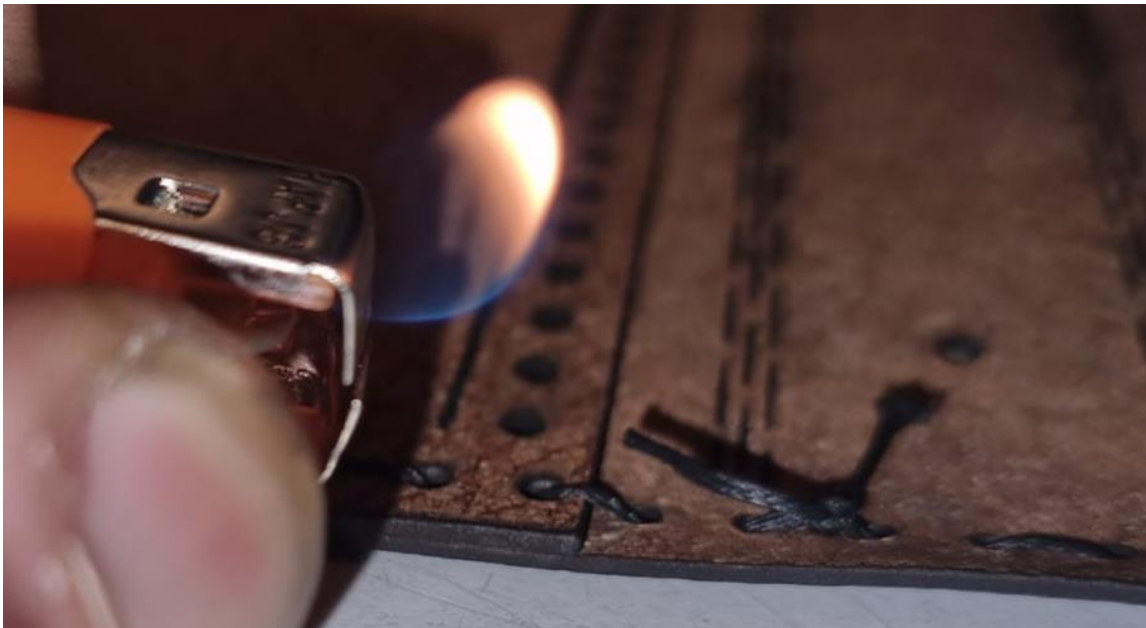

Knot the string together (triple regular knot), here's the first knot is shown:

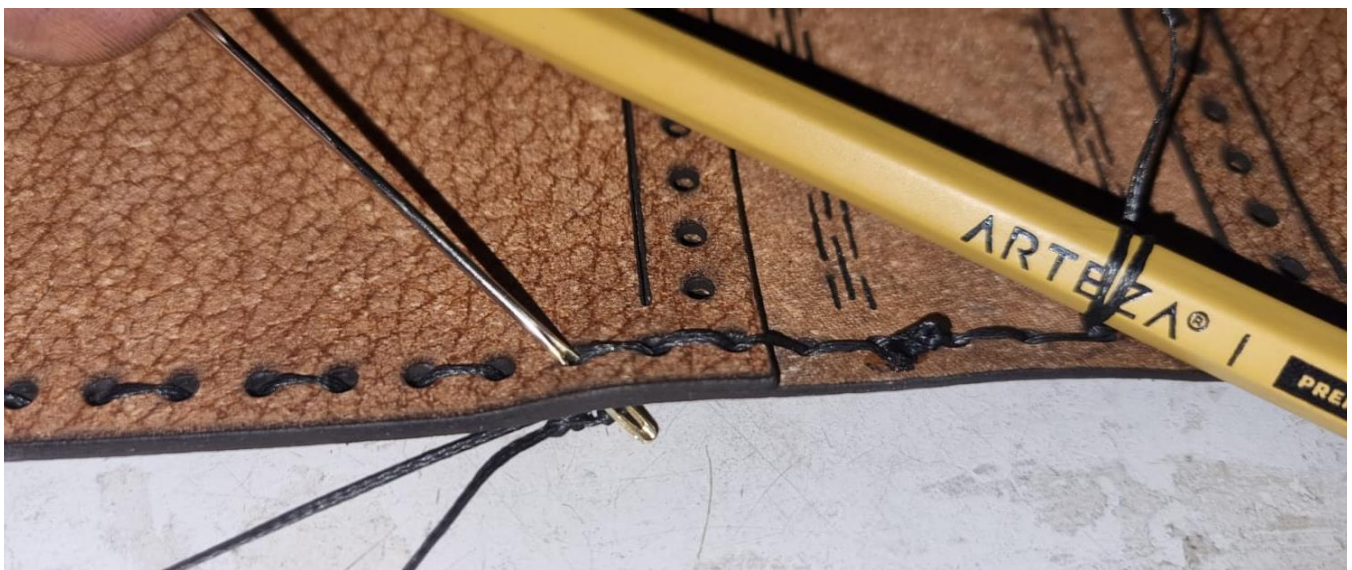

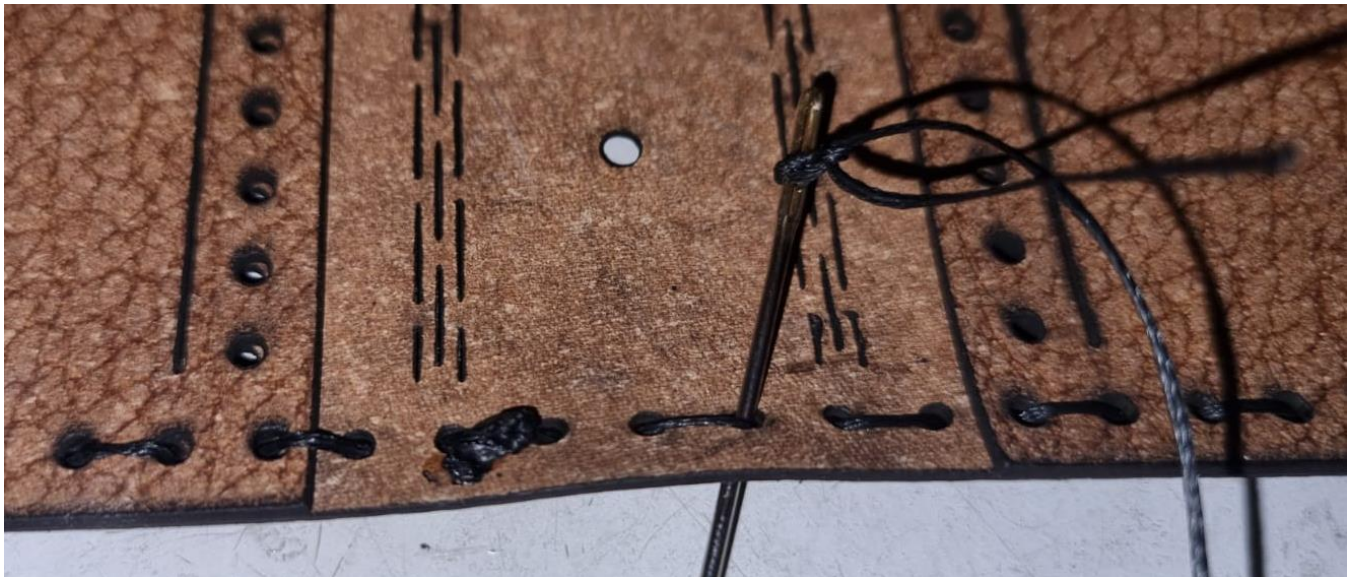

Shorten the yarn left over

and melt the ends carefully with fire:

Start again with another 190cm yarn to sew:

Do that the same way around the entire folder, then knot the strings together, shorten and flame shorten it.

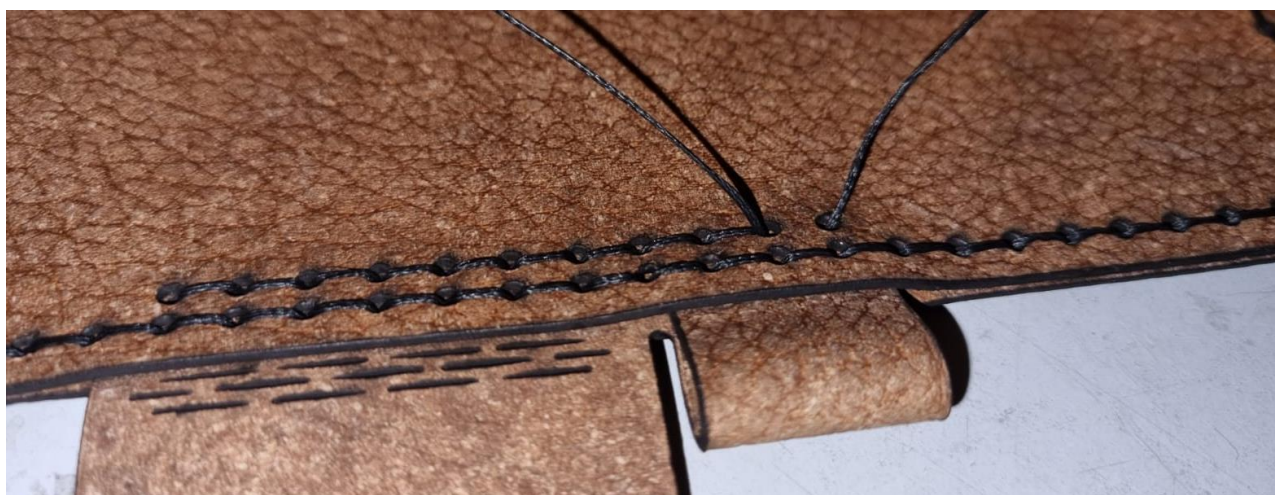

Then use a 45cm yarn to sew this line of holes:

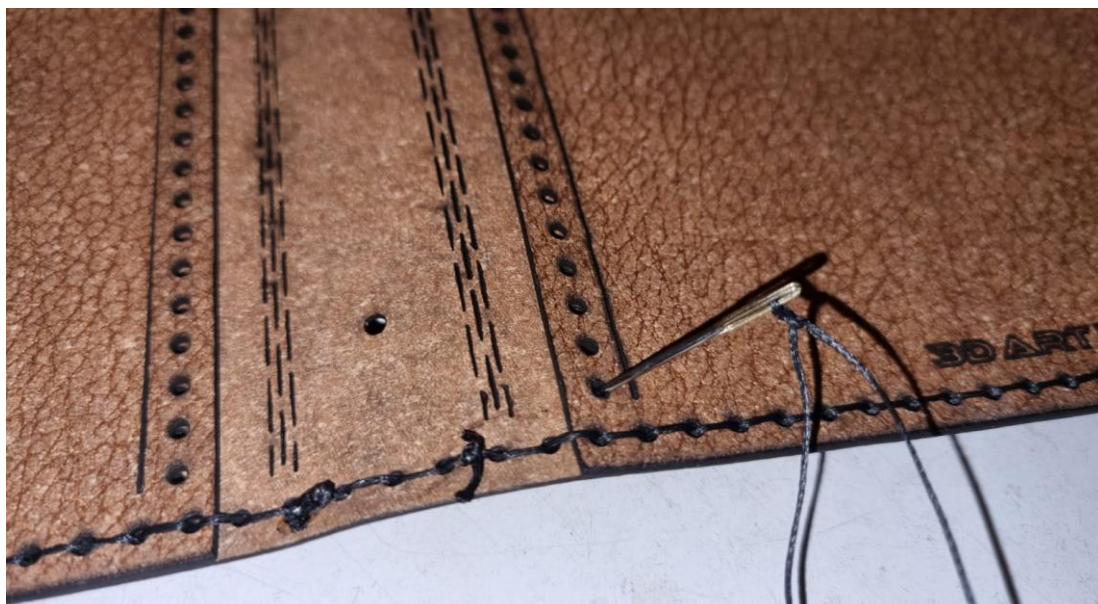

If you reach the end of the line just turn back and return:

Until you returned to the beginning and then as usual knot the strings together, shorten and flame finish them:

Then sew the two left over lines using a 80cm yarn each. Start at the bottom of the folder.

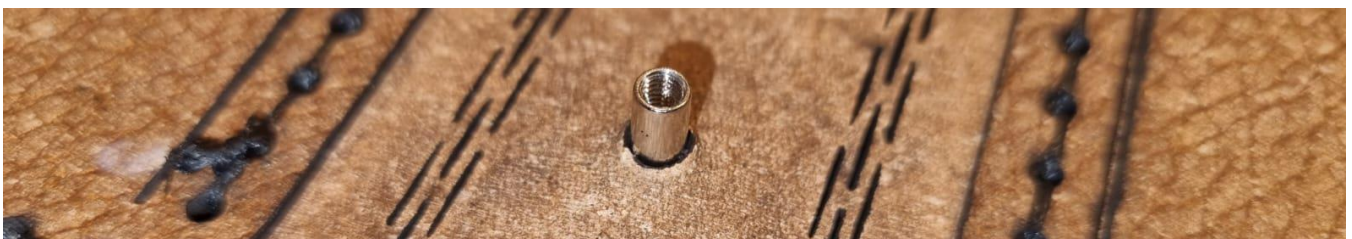

Return here as well if you reached the end:

Now your finished sewing the folder:

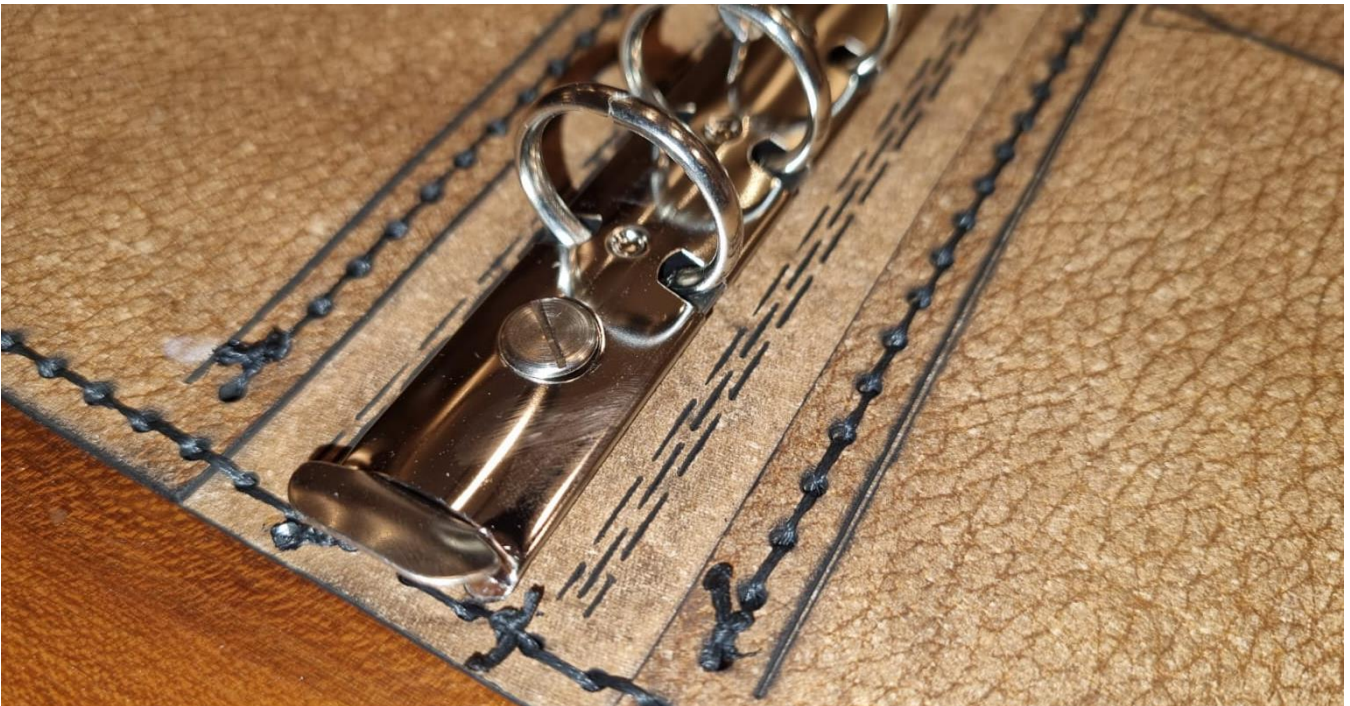

Insert the threaded sleeves:

Place the ring mechanism on top and mount the screws:

Done. Your Dockfighters Deluxe Leather Folder is now ready to use.
